

CUSTOMIZED ACCESSORIES

BATTERY ENERGY GAUGE

Dashboard-mounted, easy-to-read LED display is located right where you'd expect to see it. Available for 48-volt electric model only.

10" 14-SPOKE ALLOY WHEEL

Lightweight alloy wheels include mounted low-profile tire, chrome acorn lug nuts, valve stem and center cap.

UNDER SEAT STORAGE TRAY

Stow your personal items out of sight in this handy tray that covers the battery compartment (electric cars only). It removes easily for battery servicing.

12" 14-SPOKE ALLOY WHEEL

Lightweight alloy wheels include mounted low-profile tire, chrome acorn lug nuts, valve stem and center cap.

FLOORBOARD CARPET

Computer-cut for a perfect fit, these all-weather mats are sun, water, salt, mildew and stain-resistant, and they won't fade.

They're easy to clean with mild detergent, but tough enough to withstand pressure washing. They're skid-resistant rubber backing holds them in place. Available in Taupe and Gray.

KICK PLATE

Made of polished T304 stainless steel, this custom kick plate has the Yamaha logo acid etched in the center with hemmed edges for a superior finish.

5 PANEL REAR VIEW MIRROR

See a panoramic view of everything that is going on behind you with this 5 Panel Rear View Mirror kit. Mounts easily with included hardware.

10" 4-SPOKE ALLOY WHEEL

Lightweight alloy wheels include mounted low-profile tire, chrome acorn lug nuts, valve stem and center cap.

TURN SIGNAL

Automotive-style lever blinks front and rear to make your intentions known. Turn signal is part of the deluxe headlight/taillight kit.

12" 5-SPOKE ALLOY WHEEL

Lightweight alloy wheels include mounted low-profile tire, chrome acorn lug nuts, valve stem and center cap.

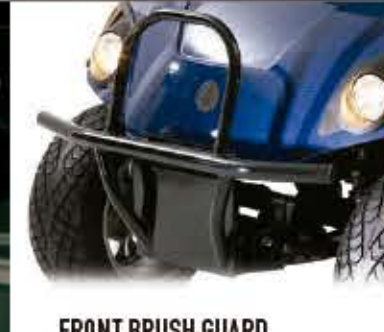

DASH SKIN WITH LOCKABLE GLOVE BOX DOORS

Snap on fit installs easily over existing dash panel and secures with supplied hardware. Has hinged, lockable glove box doors on left and right side.

12-VOLT ACCESSORY PLUG & RECEPTACLE KIT

Charge your cell phone or power a multitude of accessories with this 12-volt power receptacle. Receptacle features corrosion resistant, marine-grade construction and a patented moisture resistant sealing cap.

FRONT BRUSH GUARD

This tough front-mounted Brush Guard is made with 1 1/2" round tubing made of 3/16" thick steel and is powder-coated for corrosion protection. Mounts easily with supplied hardware.

FRONT FENDER FLARE

Adds additional styling and protection from water and mud puddle splashes. Made of black injected-molded plastic construction. Includes mounting hardware.

SPECIFICATIONS

DIMENSIONS

OVERALL LENGTH	94.3 in (2395 mm)
OVERALL WIDTH	47.2 in (1200 mm)
OVERALL HEIGHT (w/ Suntop)	70.4 in (1789 mm)
OVERALL HEIGHT (w/o Suntop)	46.9 in (1190 mm)
WHEELBASE	64.6 in (1640 mm)
FRONT WHEEL TREAD	34.3 in (870 mm)
REAR WHEEL TREAD	38.6 in (980 mm)
MINIMUM GROUND CLEARANCE	4.3 in (109 mm)

ENGINE / DRIVE TRAIN (Gas)

ENGINE TYPE	Yamaha-built, low-emission single cylinder 60° incline OHV
DISPLACEMENT	357 cc
BORE x STROKE	85 x 63 mm
HORSEPOWER	11.4 hp (8.5 Kw/3500 rpm)
COMPRESSION RATIO	8.1:1
LUBRICATION SYSTEM	Splash-style positive oil lubrication
OIL CAPACITY	1 U.S. quart (1 liter, 1000 cc)
AIR CLEANER	Two-stage, urethane-foam pre-cleaner and high-capacity pleated paper cartridge
COOLING SYSTEM	Forced air
FUEL SYSTEM	Electronic fuel injection
IGNITION SYSTEM	Transistor magneto ignition
TRANSAXLE	EnduraDrive™ V-belt automatic forward/reverse transaxle equipped with high-precision helical gears, 11.40:1 drive axle ratio

MOTOR / DRIVE TRAIN / POWER SUPPLY (Electric)

MOTOR	Hitachi 48-volt high-efficiency, shunt wound motor with internal solid state tachometer
OUTPUT RATING	3.5 hp (2.6 kW) for 30 minutes
MOTOR CONTROL UNIT	Yamaha-built solid state microprocessor with high-efficiency MOSFET switching. 270 amp armature output, 20 amp field output
TRANSAXLE	EnduraDrive™ direct coupled transaxle equipped with high-precision helical gears, 12.49:1 drive axle ratio
BATTERIES	STANDARD: Six 8-volt Trojan T875 Batteries. OPTIONAL: Eight 6-volt Trojan T105 Batteries
CHARGER	Yamaha-built automatic microprocessor-based high frequency switching-regulated charger with I.E.I. type charging profile, an industry first. 17 amp DC max output at 48 volts, 9.5 amp 120 volt AC. Underwriters Laboratories (U.L.) Listed. C.S.A. Certified

CHASSIS

FRAME	HybriCore™ Chassis features a robotically welded automotive ladder-style frame mated to a polypropylene structural floor. Frame components are protected with a multi-step phosphate treatment, electro-deposition epoxy-based coating, and an electrostatically applied polyester/urethane powder topcoat
BODY	Custom-formulated thermoplastic olefin painted with a two-part top coat of high-luster automotive-grade polyurethane
STEERING	Self-compensating double reduction helical rack-and-pinion, permanently lubricated with sealed, greaseless tie-rod ends
FRONT SUSPENSION	Tru-Trak II™ fully independent automotive-style strut suspension
REAR SUSPENSION	Unit swing arm with coil springs over hydraulic shock absorbers
BRAKES	Maintenance-free internal transaxle disc brake
SEATING	Seamless, fabric-backed vinyl bonded to pure, virgin foam contoured seat cushions and mated to a warp and moisture-resistant polypropylene bottom, strengthened with plated steel inserts
BUMPERS	Front and rear 5 mph energy-absorbing bumpers

PERFORMANCE

MAX FORWARD SPEED (Gas)	15 mph (24 km/h)
MAX FORWARD SPEED (Electric)	STANDARD: 15 mph (24 km/h) OPTIONAL: 19 mph (31 km/h) with speed kit
MAX REVERSE SPEED (Gas)	10 mph (16 km/h)
MAX REVERSE SPEED (Electric)	5 mph (8.1 km/h)
TURNING RADIUS	9.2 ft (2.8 m)

GENERAL

DRY WEIGHT (Gas with suntop)	608 lbs (276 kg)
DRY WEIGHT (Electric with suntop / less batteries)	595 lbs (270 kg)
FUEL TANK CAPACITY (Gas only)	5.8 U.S. gal (22.0 liters)
TIRE SIZE	18.00 x 8.50-8.00 (4-ply rating)
SEATING CAPACITY	2 persons
AVAILABLE PAINT COLORS	Glacier, Emerald, Garnet, Tanzanite, Moonstone Metallic, Onyx Metallic, Sandstone Metallic
AVAILABLE SEAT & SUNTOP COLOR	Stone

WARRANTY

WARRANTY	Standard 4-year limited vehicle warranty

CLIMAGUARD TOP™ WITH DUAL GUTTERS

Our top is wider and extends farther in the front for maximum occupant protection, and it's longer in the rear to give maximum protection without interfering with the clubs. It has the only 360° double rain channel in the industry, and its integrated water drain system has an exclusive clog-proof design. It's built for rattle-free stability and has inboard grab handles. So who's afraid of a little rain?

BEST OCCUPANT SPACE

Every element of the driver's space was designed to provide optimum comfort and ease of use for drivers of different sizes. The DRIVE® PTV offers the widest window of entry and exit, as well as the best leg space, foot space and rear body to pedal space. Also, improved headroom, improved steering and seat height and position.

POWERFUL 48-VOLT ELECTRIC MOTOR WITH REGENERATIVE BRAKING

3.5 horsepower of whisper quiet efficiency means you can go where you want to in a flash. And the latest in regenerative braking moderates downhill speed while recharging the batteries.

YOUR NEIGHBORHOOD CHARIOT AWAITS.

Leave the car in the garage because The DRIVE can handle most of your nearby engagements. Whether it's running to the store, taking the kids to the park or the neighbors to the barbecue, The Drive is designed for luxurious practicality.

ELECTRONIC FUEL INJECTION (GAS MODELS)

An industry first, The DRIVE PTV gas model comes standard with Electronic Fuel Injection providing chokeless starts, smoother acceleration and improved gas mileage.

ENDURADRIVE™ TRANSAXLE WITH INTERNAL DISC BRAKE TECHNOLOGY

Inspired by the Yamaha ATV, the internal wet disc brake eliminates the need for brake drums and shoes on the rear wheels which means you'll have longer brake life and less maintenance.

CUSTOMIZED ACCESSORIES

WINDSHIELDS

Available in clear or with a tint, our One-Piece and Folding Windshields are made of durable, scratch-resistant, high-impact acrylic. They feature a contoured bottom design to hug the front of the vehicle.

BATTERY FILLING SYSTEM

Say goodbye to the hassle and guess work of routine battery maintenance. Used with our 10 PSI regulated Watering Gun, batteries can be filled simultaneously from a single watering source and features a lever operated shutoff valve to prevent overfilling. Available for six 6-Volt or eight 6-Volt battery configurations.

STEREO CONSOLE WITH SPEAKERS & JBL STEREO RADIO

Made of black roto-molded, double-wall plastic. This console mounts underneath the ClimaGuard Suntop™ to the vehicle front roof supports with stainless steel hardware and mounting plate. Includes two pre-wired 6-1/2" 100-watt, marine-grade speakers. Add our 180 watt marine-grade JBL® AM/FM/CD Sirius®-Ready Receiver to the console and you'll be listening to your favorite tunes in no time.

WEATHER ENCLOSURE

Precision engineered for a custom fit. Features an over-the-top, trackless design that makes installation is quick-and-easy. Can be installed or removed in minutes. Available in heavy duty, marine-grade 1300D vinyl; marine-grade 100% solution-dyed 600D polyester fabric; or Sunbrella® marine-grade 100% solution-dyed acrylic woven fabric. All three materials are UV and mildew/mold resistant.

FORMULA J SPORT STEERING WHEEL

The perfect accessory to complement your custom car. This 11-1/2" diameter steering wheel has a 3-spoke design with black molded polyurethane grip and silver anodized spokes. Includes Steering Wheel Installation Kit.

REAR-FACING SEAT KIT & EXTENDED TOP

This precision-engineered, custom rear-facing seat kit bolts into place without the need for drilling, cutting or welding. The wide and comfortable rear seat has a large underseat storage trunk built in. Kit also features a large rear handle for safety and heavy-duty rear shocks.

82" Extended Top also available.

ADDITIONAL STANDARD FEATURES

HEAD AND TAILLIGHTS

The DRIVE PTV comes standard with halogen headlights and taillights.

FLOOR-MOUNTED HORN

The conveniently located horn is close to the accelerator and brake pedals. A quick turn of the ankle lets them know you're coming.

SIDE REFLECTORS

Reflex reflectors on the front and rear make The DRIVE PTV easily visible from any direction.

LARGEST, MOST COMFORTABLE SEAT IN THE INDUSTRY

Deep, supportive contours provide unmatched comfort. The widest seat in the industry is designed to accommodate occupants of different heights and sizes. It's made of pure, supple foam bonded to a seamless, durable vinyl backed cover and its polypropylene seat base won't sag, rot or warp despite daily abuse and repeated washings.

AUTOMOTIVE STYLE DASH

The auto industry spent a hundred years getting this right, so why not use it? We gave it four cup holders to hold different-size cups; a center storage area for wallets, cell phones, and personal items; and a big, easy-to-clean storage compartment on each side.

TRU-TRAK II™ FULLY INDEPENDENT FRONT SUSPENSION

Notice how one tire stays firmly planted, even though the other adjusts to the terrain? That's the fully independent suspension at work. We designed a maintenance-free suspension using automotive-style, coil-over-shock struts to minimize roll and deliver a smooth, comfortable ride. Sooner or later, someone will offer to trade you his car for it.
